

**Highlights of
the fortnight**

HIT LIST

All My Sons Perhaps the highlight of Dundee Rep's first season with its full repertory company, Arthur Miller's classic study of family life features an electrifying performance by John Buick (above) as a father corrupted by the American Dream. If you didn't catch it first time around, you'd be a fool not to see it in summer rep. *Dundee Rep, Thu 20–Fri 21 Jul.*

Desert Rain An extraordinary multimedia piece by Blast Theory. Virtual reality blends with performance and documentary to provide us with a multiplicity of possible interpretations of the Gulf War. A very different sort of event with the possibility of providing debate for audiences. See review. *Glasgow: Tramway, until Sat 8 Jul.*
